

**OFFICE OF INSPECTOR GENERAL  
U.S. HOUSE OF REPRESENTATIVES**

**VACANCY ANNOUNCEMENT**

---

**Position:** Information Systems Auditor

**Salary:** \$90,619 - \$102,544\* (HS-11 to HS-12)

\*Commensurate with qualifications and experience

**Area of Consideration:** All Sources

**Announcement Number:** IG-07-03R

**Location:** Washington, DC

**FLSA Category:** Exempt

**OPENING DATE:** Reannounced\* November 16, 2007

**CLOSING DATE:** Open Until Filled

\*We will begin reviewing applications December 1, 2007 for this position and every two weeks until the position is filled.

**Job Summary:** Incumbent serves as Information Systems Auditor responsible for the day-to-day accomplishment of assigned audit tasks required in evaluating U.S. House of Representatives information systems activities.

**Major Duties:**

- 1) Performs work within the assigned audit area, reviewing identified areas, executing audit approaches, and identifying audit findings and making recommendations for corrective action. Documents audit results in well maintained workpapers. Reports results to management through well written audit reports, and other oral or written presentations.
- 2) Performs information systems audits of general and application controls, data integrity, system development life cycle, acquisitions, information resources management, etc.
- 3) Configure and run operating system test scripts on Windows or Unix-based individual servers and workstations, analyze the data produced, and interpret the results. Modify and test operating system interrogation scripts as needed.
- 4) Configure and run software programs or automated tools to probe networks for security vulnerabilities, analyze the data produced by those tools, and translate that data into validated audit findings.
- 5) Assists in proposing short- and long-range information systems audit plans and priorities for the Office of Inspector General and assists in initiating actions to improve Information Systems audit coverage, quality, effectiveness, and the usefulness of audit reports.
- 6) Perform additional audit tasks in the identification and evaluation of operating systems, application software and network protocols as required.

**Requirements:** Experience and knowledge of information systems; information systems security; information systems management; information systems auditing; computer operating systems, and network protocols. Additionally, must have a minimum of 24 semester hours of accounting (may include up to 6 semester hours in business law); as well as skill in (i) establishing and maintaining effective working relationships with high-ranking officials and (ii) effective oral and written communications. The auditor will make formal and informal presentations regarding the nature of the audit work to auditee management and other interested personnel.

**QUALIFICATION REQUIREMENTS:**

Applications submitted without a separate statement, which specifically addresses each of the following KSA's will not be considered.

1. Knowledge of generally accepted government auditing standards (GAGAS) to ensure plans and procedures are in accordance with government auditing standards.
2. Knowledge of and experience in the application of concepts, principles, practices, and techniques of auditing, including preparing and/or evaluating audit reports and supporting workpapers.
3. Knowledge of theory concepts, and practices of auditing information system security to apply this knowledge to a very broad range of complex assignments.
4. Experience in conducting security audits of IT operating systems, applications, and databases , including experience in operating vulnerability scanning software, interpreting scan results, and issuing recommendations to mitigate vulnerabilities.

**Work Environment and Physical Demands:** The work is usually performed in an office environment. Overnight travel is rare and limited to attending required training not offered locally. The work is primarily sedentary. There may be some walking in, to, and/or from House Office Buildings, or other buildings and facilities of the Capitol Complex.

**Supervisory Controls:** Incumbent reports to the Director of Information Systems.

**Additional Requirements and Information:**

1. Must be eligible for and maintain a Secret Security Clearance (U.S. Citizen)
2. Relocation expenses will not be paid.
3. Office does not have a Telecommute Program.
4. This is a drug testing designated position.
5. Professional Certification desired.
